100% freshly squeezed orange juice+ 3 added juices of your choice

cup station door with automatic opening/closing

improved refrigeration system

The most creative of Oranfresh® vending machines "

oranfresh.com

A one-of-a-kind vending machine, offering a large choice of juices to be mixed, **OR 130 MULTI JUICE** combines freshly squeezed orange juice with pasteurized strawberry, mixed berries, mango, papaya juices as well as other exotic fruit juices, or with multivitamin, protein, energy or caffeinated drinks. Offering the consumer a wide selection of juices helps you to increase sales and makes your business stand out with the most original mixtures. You can let your customers create customized juices, preserving the fresh natural flavour of fresh oranges and the culture of the product freshness, satisfying the whims of your most demanding clients.

The exclusive innovation in technology, at the base of the OR 130 Multi Juice concept, increases the offer of juices up to a level that has not equals.

**Multi-selection panel.** Handy control panel, accessible to kids and disabled people. Four different buttons allow different options to mix freshly squeezed orange juice with other juices.

**Telemetry.** An advanced telemetry system, developed specifically for the Oranfresh® Vending sector has been installed. This ensures an internet based remote control of the parameters of the machines in operation.

**Self-cleaning.** The machine contains an automatic internal self-cleaning system, using high pressure water jets. It can be preset through a built-in programmable timer.

**LCD audio/video display.** Oranfresh® boasts a new 7" LCD display with an interactive proximity sensor and audio/video functions, allowing you to customize your business activity.

**Automatic opening/closing.** The self-opening/closing door of the cup station makes up collection easy and spill-proof.

programmable self-cleaning after N servings and by the clock; sanitizing option

### Language

all main languages available

Distributore automatico unico nel suo genere - con un'ampia scelta di succhi da mixare - OR 130 Multi Juice abbina il succo fresco d'arancia appena spremuto con quelli pastorizzati di fragola, frutti di bosco, mango, papaya e altri frutti esotici, oppure con bevande energizzanti (alla caffeina o con taurina), multivitaminiche e proteiche. Offrire ai clienti una varietà di scelte distingue la tua attività con le più originali combinazioni e quindi favorisce l'incremento delle vendite: puoi creare succhi personalizzati, che preservano il gusto naturale dell'arancia fresca e quindi la cultura della freschezza del prodotto,

**Pannello multi-selezione.** Comodo pannello di controllo, accessibile a bambini e disabili: quattro diversi tasti consentono varie opzioni di miscelazione fra spremute d'arancia e altri succhi.

**Telemetria.** Sistema di telemetria avanzato, appositamente sviluppato per il comparto Vending di Oranfresh®. Assicura un monitoraggio remoto, basato su internet, dei parametri delle macchine sul campo.

**Autopulizia.** Sistema automatico di pulizia interna, con getti d'acqua ad alta pressione, interamente programmabili a tempo e per numero di spremute.

**Display LCD audio/video.** Nuovo display LCD 7" con sensore di prossimità e funzioni audio/video, per personalizzare la comunicazione della tua attività commerciale.

**Apertura/chiusura automatica.** Sportello ad apertura e chiusura automatica per il rilascio della spremuta: niente fuoriuscite di succo nel vano bicchiere.
